

Obi Praise Chinedu

FULL-STACK PRODUCT ENGINEER WITH A STRONG EMPHASIS ON FRONTEND DESIGN AND UX

info.praisechinedu@gmail.com github.com/hiipraise hiipraise.vercel.app axiommvc.site

PROFILE

I am Obi Praise Chinedu, a student of Software Engineering with experience in frontend development, proficient in React.js, Next.js, and TypeScript, and skilled in communicating with RESTful services. I am targeting full-stack product engineer roles where I can apply my skills in frontend design, UX, and software development, with a focus on high-quality code, automation, and constant learning.

EXPERIENCE

Frontend development intern

Nov 2023 – Feb 2024

B-Cloud Technology

Developed responsive web applications using React.js and Next.js

- Built web pages with TypeScript
- Designed UI components with CSS and Sass
- Improved frontend code quality with testing using Jest
- Enhanced web application responsiveness
- Deployed features using CI/CD and Webpack

Frontend development intern

Apr 2024 – July 2024

Stalwart technology

Built responsive frontend web for Stalwart Technology using React.js and Next.js

- Designed web animations with CSS and JavaScript
- Improved UI/UX with responsive design
- Created services with RESTful APIs
- Developed frontend contact service with React Native
- Enhanced web responsiveness

Dec 2025 – Feb 2026

Jetwave innovation

Developed mobile to web application, integrating two-way platform into one-way mobile application using React.js and Next.js

- Built admin web features with TypeScript
- Integrated mobile applications with React Native
- Created frontend and backend mobile integration with RESTful APIs

Full-stack development

2023 – Present

Freelance

Built full-stack web applications with payment and mailing integration using Next.js and React.js

- Deployed e-commerce platforms with CI/CD
- Created custom UI/UX designs with CSS and Sass
- Developed web applications with Shopify integration using RESTful APIs
- Designed graphic designs for clients
- Launched full-stack web applications

EDUCATION

Bachelor of Science, Software Engineering

Miva Open University

SKILLS

HTML · Python · React · JavaScript · TypeScript · TailwindCSS · Node · CI/CD · NextJS · MongoDB · PostgreSQL · AI-integrated products · Statement management · DevOp · Express · Frontend design · React Native · RESTful services · CSS · Sass · Docker · Jest · Webpack · UI · Chatbots · Enterprise AI deployment · AI-native product · Orchestration systems · Prompt engineering · Adaptability · Collaboration · Technical communication · Problem solving · Usability principles · Debugging · testing · Git workflows · Codebase analysis · Documentation automation · CLI tools · end-to-end system integration · modular state management · Accessibility · Performance optimisation · Component-based UI development · Responsive application development · API integration · Frontend and backend development · Full-stack development · Redis · UX focused engineering · SEO and web analytics tools · Shopify e-commerce

PROJECTS

PCL clone

Clone of PCL Construction home/landing page built with HTML, JavaScript, and website development skills.

HTML · JavaScript

Open source CLI tool - autodoc ai

AutoDoc AI is a toolkit for generating and updating project README files, built with Python, TypeScript, and Node.

Python · TypeScript · Node · Express · MongoDB

Open Source - Axiom

Career workspace for CVs, Jobs, applications, and interviews, built with React, TypeScript, Python, and MongoDB.

React · TypeScript · Python · MongoDB · Groq

Pinnacle Aerospace

A production-ready, modern aerospace corporate website built with Next.js 15, TailwindCSS, and Framer Motion.

TailwindCSS · TypeScript · JavaScript

Sentinel

A futuristic, enterprise-grade Emergency Response Mapping Dashboard and crisis coordination interface, built with React, JavaScript, and TailwindCSS.

React · JavaScript · TailwindCSS · Zustand · Lenis

Simulyn

A futuristic AI workspace operating system for career simulation and professional training, built with Lenis, Zustand, React, and TailwindCSS.

Lenis · Zustand · React · TailwindCSS · JavaScript

CERTIFICATIONS

Coding, UI/UX & Web design

Flip to tech · May 2023

Full-Stack development

ITSkills Centre · July 2025
